

## Frequently asked questions

### Why do you need to collect signatures?

We need them to support our applications for Planning Permission and funding.

### Won't a BMX Track and Skate Park increase anti-social behaviour?

This is a misconception. The Neighbourhood Police Team have statistical proof that similar facilities have not led to such an increase.

Where is the cricket field? Directly behind the Community Centre.

### Isn't that used for children's football?

The BMX and Skate Park would leave plenty of space for mini league games and practice.

### Wouldn't the younger kids be intimidated by the older ones?

Different age groups will tend to use the park at different times. Younger kids after school and older ones in the evening.

### Why don't you put it in the middle of the park?

That is in the flood plain and we wouldn't get planning permission.

**Please return this form to Mrs R. Hawkes, 85 Cornbrash Rise**
